RE: Notification of PCB Activity

Dear Sir or Madam:

Cerro Copper Products Co. currently does not store PCB contaminated materials at the site. In the course of proposed response activity being discussed between Cerro Copper Products Co. and the Illinois Environmental Protection Agency, however, currently scheduled to begin soon after May 7, 1990, Cerro Copper Products Co. may excavate, store for disposal and, ultimately, dispose of PCB contaminated soil and debris believed to be caused by PCB's originating from off-site and not from activities of Cerro Copper Products Co. Therefore, in accordance with 40 C.F.R. §761.205(a)(2), Cerro Copper Products Co. is filing required Form 7710-53.

If you should have any questions, please feel free to contact this office.

Very truly yours,

CERRO COPPER PRODUCTS CO.

*Joseph M. Graha*
